MNS Log 42 Marine Enhancement Program dtd 22 Sep 93  
ORD Log 42.2 Cold Weather and Equipment Program dtd 2 Jun 94

### Overview

The All Purpose Environmental Clothing System (APECS) parka and trousers provide increase environmental protection from cold and wet weather. It replaces the second generation Gortex material parka and trousers.

### Features

- In addition to increase environmental protection, APECS provides a reduction in weight, noise, and infrared signature.
- The APECS camouflage patten is woodland MARPAT.
